Subject: NCAA Information

Hi Bill –

Per our discussion this morning, we wanted to follow-up with an e-mail on records and documents that we are currently requested. Below is a list of those records that we are requesting related to the University of Oregon football program:

1. All official/unofficial visit records from past two years
2. Recruiting logs for past 2 years
3. All documentation (contracts, invoices, billing statements, correspondence, e-mails, services provided) pertaining to institution's use of scouting services for the past two years.
4. Detailed accounting of institution's financial records related to Will Lyles, Baron Flenory, Complete Scouting, New Level Athletics, and Speed Dynamics and all other scouting services.
5. Head Football Coach Chip Kelly's e-mails, phone logs, bank statements
6. Student-athletes (and parents) emails, phone logs, bank statements during times of unofficial/official visits.

As discussed, we would request that the institution not conduct any interviews or reach out to any involved individuals at this time (including but not limited to coaches, parents, prospective student-athletes, student-athletes, etc.). Once we have received the requested information we anticipate conducting joint interviews.

Below is also contact information for Steve and I in the event you have any questions or concerns.

Steve Duffin

Bill –

Sorry for another follow-up, regarding item 6, we will only need the documentation for the following student-athletes:

Specifically, we are seeking records one month prior to and one month subsequent to any unofficial and/or official visit.

Apologize for the confusion.

Thanks-
Angie

Bill -

I am having our media folks take a look at this, I have copied our liaison, Stacey Osburn on this e-mail. Is there an individual she should have them get in touch with if they have any questions/concerns.

Thanks-
Angie

Angie,

Here's something SID threw together. We'd like to release it today.
Would you run it by your media people?

Thanks.

Bill

Subject: Verbal scouting reports

Official Interpretation
Scouting service providing oral reports

Date Published: December 16, 1987
Item Ref: 9

Considered the application of Case No. 201 to a situation in which a member institution wishes to subscribe to a scouting service that provides oral reports (as opposed to a published report or videotape) by telephone to member institutions regarding prospective student-athletes, with this service then to be supplemented by hand-written reports and letters; concluded that the provisions of Case No. 201, which require that the service be made available to any institution desiring to subscribe and at the same fee rate for all subscribers, would not permit an institution's athletics department to subscribe to this scouting service, inasmuch as the material that is to be provided to each member institution is not standardized in a manner that ensures consistent distribution of information regarding each prospective student-athlete.

Oui, oui. Our poor SID. His phone has been blowing up about this. Let's talk tomorrow as I'd like your take on the information that is being put out there.
